HOW TO USE THIS CATALOGUE

On the page above is a key to the types of shapes of spinnings that we have. The Page #'s indicated refer to the pages that follow in a separate series of pages numbers 1 to 25 that are line drawings of the profiles of the spinnings. The following pages (3-12) are an index by spinning die number, that also refers to locations in our store.

Please note, that **we spin from the APEX, that is indicated by the label SPN-551** in the drawings below (as an example). **This is the same spinning die**, and we can achieve different depths of the full die at 225, and various diameters as indicated. The width then also changes as illustrated below. We can also cut off the top of the spinning at the apex if necessary.

SPINNING #	DIAMETER	HEIGHT	SHELF	A0 DRAW #	SPINNING #	DIAMETER	HEIGHT	SHELF	A0 DRAW #	SPINNING #	DIAMETER	HEIGHT	SHELF	A0 DRAW #
